

# **Bald Eagle Repeater Association**

## **Club Meeting 16-September-2008**

A meeting of the Bald Eagle Repeater Association (IEEE Society) was held on Tuesday evening, 16 September, 2008 at a donated facility.

The meeting was called to order by Rob Paulhamus(K3RWP) at 1906

There were 7 members present. KE3HL, KB3IAY, K3PFF, K3NUT, W3TMB, N3SSL, KB3PUV, KB3MSE, K3RWP, N3XXH, N3ZCJ.

Introduction of members was done.

The minutes of the meeting of 15-July-2008 were read.

Rob(K3RWP) corrected KB3PIR's name from Rob to Josh.

Rob(K3RWP) corrected N3VEI to WN3V.

Rob (K3RWP) motioned to accept treasurers report and (K3PFF) seconded.

### **Old Business:**

1. Linkage Report – Nothing new. Once .09 is running correctly will be discussed more.
2. Repeater Updates. .09 – Off the air. .49 – ok .05 – On the air.
3. Club Systems Inventory – No Change
4. Programming codes for .09 repeater controller
5. Power usage on mountain.

### **New Business:**

1. Kendicomms up on QTH. Got traded a nice GE Master 2 for the Kendicomms. Approval was received from Bob Shear, Ryan, Ed, Matt and Rob to do this trade.
2. Tomorrow evening (Wednesday) Micor is getting pulled and all that is associated with it. Micor will be going to Bob Shear to have him look the radio over. Bob will be building pre-amps and putting them into the Micor. Micor system will be the backup, so we might as well make sure it is working. Meeting on the mountain around 8:00 or 8:30 to do this, anyone who wants to may come along. Looking for RG-142 or RG-400 to build patch cables from receiver to transmitter from cans. **If anyone goes to the Elmyra Hamfest (27<sup>th</sup> of September) keep an eye out for these vintages of cable. Contact Rob (K3RWP) if you wish to go, 570-244-8845, as he will be convoying.**
3. Rob also got a Motorola 10Watt UHF Maxtrax so we now have a good linking radio for the .09/.49 radio.
4. GE Master2 that we have has to go to N2HLT. Also duplexers are going up so the whole system gets tuned.

Ryan motioned that we offer the NHRC-2 controller or the NHRC-3 controller to N2HLT for his trouble, N3XXH seconded.

5. WN3V – John Miller – Told him if Rob brings the .09 cans down John will do them on his service monitor.

6. Skom 5K controller, 5 GE Deltas. Rob contacting Bill Barnes to find out what he wants back. Deltas will go onto eBay.
7. Ryan has a chance to get a GE Master 2 Base from California.

KB3MSE gave the treasurer's report. Travis (W3TMB) motioned, and Rob (K3RWP) seconded for approval.

K3RWP motioned to close. KB3MSE seconded closing the meeting and was approved at 2014.
